

THE HONDO ANVIL HERALD.

HONDO, MEDINA COUNTY, TEXAS, SATURDAY APRIL 19, 1919

VOL. 33. No. 38

TO THE GIVERS OF FLOWERS.

(Written on a hospital bed in grateful appreciation of the many beautiful flowers sent him by his friends.)

BY FLETCHER DAVIS.

Thanks for the beautiful flowers,
Tender love-message so fair,
Their presence lightens the hours
Of their load of pain and care.

Pure essence of God's own sunshine,
Sweet-scented breath of the spring;
These blessings so rare, so sublime
Are the sweet solace they bring.

Cheering away sorrow and gloom,
Soothing my pillow of pain,
Lighting the dull hospital room,
Making glad my heart again!

So you, kind givers of flowers,
Give far better than you know;
For while, with the passing hours,
They must fade and die, I know,

The kind spirit prompting the gift
Will live to bloom eternal
Where the heart its own portals lift
To Love's bowers supernal!

Thanks for the beautiful flowers,
Tender love-message so fair,
Tokens from Love's own fair bowers
Freighted with the incense of pray'r!

Santa Rosa Infirmary, April 10, 1919.

District Court.

The spring term of the district court met at the court house at 10 Monday morning, with Judge R. H. Burney, presiding, District Attorney L. J. Brucks, District Clerk Aug. Kempf and Sheriff J. F. Eader all being present.

The following were impaneled as the grand jury: E. R. Leinweber, Edmund Keller, Otto J. Wurzbach, August J. Mangold, A. L. Braden, Henry Merri-man, D. H. Griffin, Joe L. Wernette, Stanley Lewis, H. G. Wilson, J. S. Saathoff and John Frerichs.

H. G. Wilson was appointed foreman.

The following were sworn in as bailiffs: J. H. Henderson, A. E. Harper, Emil Boehle and Ed. Burnett.

The following civil cases were disposed of:

Walter Koehler vs. W. L. Dubose et al., damages for slander. Continued on application of defendant by agreement.

Ben W. Williams, et ux. vs. Geo. W. Hester et al. Dismissed, for want of prosecution.

Mrs. Lou A. Crawford vs. S. P. Jamison, damages. Judgment for \$500.00 and for permanent injunction.

Nancy Holden Bennett vs. Alvin Bennett, divorce. Granted.

Leola Andrews vs. Lee C. Andrews, divorce. Granted.

Francisco Caseres vs. Felice Vesa de Caseres, divorce. Granted.

Adams Co. vs. Clarence Evans and John L. Thompson, garnishment after judgment. Judgment for \$215, \$10 attorney's fee and cost of court.

T. J. Bendele vs. Mrs. Frances F. Kerlichs, to cancel oil leases. Lease cancelled and set aside.

L. J. Schmidt vs. Mrs. Frances F. Kerlichs, to cancel oil lease. Lease cancelled and set aside.

(In the two above cases the court held the leases void as there was adequate consideration shown. As far as we are advised these are the first cases of this character to be tried in the state, and the action of our district in setting aside these leases will probably be used as a precedent by courts in other counties where leases have been secured by parties who never had any intention of developing the leased land. The cancelling of these leases probably will have a beneficial result on legitimate oil activities in this immediate section.)

Estate of Mrs. A. K. Goza, deceased, contesting will. Continued by agreement at cost of contestants.

The following were sworn in as petit jurors: V. H. Embry, F. A. Heyen, Alfred Ahr, John B. Carle, J. L. Tondre, Joe Huesser, E. H. Hartman, Frank Bader, W. S. Lilly, A. H. Tschirhart, O. H. Brucks, Hy. Cruchfield, John Zuberbuehler, J. H. Wiemers, Wm. Folk, H. R. Bailey, F. W. Schweers, E. A. Balzen and Geo. F. Gerdes.

The jury was excused on Monday with instructions to report back on April 28th, at 10 a. m. for further service.

The following indictments were returned by the grand jury.

State vs. Lorenzo Candia, burglary.

State vs. Essie Moore, obstructing railroad track.

State vs. A. Straub and E. Deigh, theft of automobile over \$50 in value.

State vs. Martin Bargas, theft of one head of cattle. (Two cases.)

State vs. N. W. Ward, murder.

The grand jury adjourned late Thursday afternoon for the term.

The following members of the bar were appointed a committee to draft suitable resolutions on the death of Judge T. M. Paschal, C. C. Harris and Mack Kercheville, former members of this bar, with instructions to report back at this term of the court: L. J. Brucks, R. J. Noonan, Ed. de Montel, J. I. Kercheville, John T. Briscoe and H. E. Haass.

The criminal docket will be called at 9 o'clock Monday morning, April 21st.

Capt. Fred Metzger and Capt. X. Wantz have signified their intention to attend the Pioneers Convention in San Antonio April 24th. Two more worthy representatives of the pioneers of Medina County could not be found. Capt. Wantz has been a citizen of this county seventy-five years; Capt. Metzger came to the county at a later date.

Mrs. Ed. de Montel went to San Antonio last Saturday to meet her son, Lieut. Emmitt de Montel. Lieut. de Montel returned from France some time ago but has been detained at a hospital in the north. Accompanied by his mother and Misses Mary and Gertrude Naegelin, he returned home Tuesday.

Announcement.

Rev. J. E. Threadgill will commence a meeting in the Nazarene Church on Friday night the 25th inst. to continue over two or three Sundays.

Every body invited. All Christian people are urged to attend and enter heartily into prayer, song and labor for a real salvation time. True repentance, conscientious pardon, and the reception of the Holy ghost in His sanctifying power will be the aim, effort and goal of the meeting. Come every body. REV. J. T. HORGER.

Card of Thanks.

We avail ourselves of this means of returning our grateful thanks to neighbors and friends for the assistance rendered us during the illness of my husband, Joe L. Haby. We wish to assure you that your kindness will always be held in grateful appreciation by,

Sincerely yours,
Mrs. JOE L. HABY.

Card of Thanks.

With hearts full of gratitude we take this means of extending our sincere thanks to our friends and neighbors for assistance rendered and sympathy expressed for us during the illness and at the death of our dear mother, Mrs. Theresa Ney. We wish to assure one and all that their consideration for us will always be held in grateful remembrance by

Sincerely yours,
HER CHILDREN.

Card of Thanks.

We thank our good friends and neighbors for their help and sympathy during the illness and death of our father, William Clayberg.

MR. and MRS. T. H. FLINT.

Card of Thanks.

We wish to express our thanks and appreciation for the beautiful floral offerings, words of sympathy and assistance given us at the death of our beloved husband and father, Tony Ney.

Mrs. ELIZABETH NEY AND FAMILY.

Card of Thanks.

We wish to express our heartfelt thanks for the assistance during the illness and the sympathy shown us at the funeral of my beloved wife and our dear mother, Mrs. Leo Filleman.

Graff, Sr., and daughter, Miss Emma, were among those from here, who attended the funeral of the late J. M. Reed in San Antonio Wednesday.

Oil stoves. Holloway Bros.

Fletcher Davis, the publisher of this paper, was brought home Tuesday from San Antonio where he had been in the Santa Rosa Infirmary for five weeks, or since his accident at Devine on March 11th. Some two weeks ago, Mr. Davis' injured member was wrapped in a plaster cast, from the middle of his body to the ankle, and this made possible his removal from the hospital to his home here on a cot without any serious injury or pain, and he is now resting in comparative comfort at home. A second X-ray of his injury, just before his removal from the hospital, disclosed the bones in good position and making fair progress towards healing, but it will be several weeks before the plaster cast can be removed and the patient permitted to sit up in bed.

If oil in paying quantities should be found in Medina county it will be worth many thousands of dollars to the various business interests, and fortunes to land owners. Geologists have pronounced the surface indications and croppings in Medina county as good for oil. Many shallow wells dug and drilled in various parts of the county have showings of oil. Medina county lies within the oil belt which extends from the Oklahoma fields south, past Burkburnett, Ranger, Brown county, and thence down to the wonderful oil regions of Tampico, Mexico.

The question as to whether or not great wealth lies at our very door can only be answered by the drilling of deep test holes; hence the organization of the Medina Oil Development Company.

The Company has now placed 10,000 shares of the stock for sale to the public at \$10.00 per share. Each share carries with it a reimbursement certificate which entitles the subscriber to receive back from the Company the whole amount paid in by him, said amount to be paid out of the first profits from the sale of oil and before any dividends are declared to the shareholders. In other words, if oil is found in paying quantities the Company obligates itself to pay back to the subscribers of the stock now offered for sale, all of the profits derived by the Company from the sale of oil until they will have received every dollar they have paid in, the subscriber

Call or write for pamphlet explaining plan of operation, etc. If you have the interests of Medina county at heart, then boost. If you are opposed to the best interests of the county, then knock. Subscribe now. Don't wait. A geologist will say where to drill.

THE MEDINA OIL DEVELOPMENT COMPANY

still to retain his full interest in the Company according to the number of shares he holds; and that after said amounts have been paid back in full the Company will then pay dividends to the various shareholders.

You are invited to join this development work. It is to your interest to do so. Your money will be in the hands of your local bankers and will be expended by the Directors of the Company for the purposes for which it was subscribed. No officer receives a salary in the Medina Oil Development Company.

Medina Oil Development Company:

Please find enclosed \$..... for..... shares of stock in THE MEDINA OIL DEVELOPMENT COMPANY. It is understood that in addition to this stock I am to receive a Reimbursement Certificate for the whole amount paid by me. The Company agreeing to redeem said certificates for face value should oil be found in paying quantities and the profits from the sale of same make such payments possible. The Company binds itself to pay no dividends until said Reimbursement Certificates are paid in full.

Make all checks payable to CHAS. FINGER, HONDO, TEXAS.

Children Cry for Fletcher's

CASTORIA

You Have Always Bought, and which has been over thirty years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. *Fletcher's* Perfection, Imitations and "Just-as-good" are but names that trifle with and endanger the health of Infants and Children—Experience against Experiment. **What is CASTORIA** is a harmless substitute for Castor Oil, Paregoric, and other Soothing Syrups. It is pleasant. It contains no Morphine nor other narcotic substance. Its sweetest guarantee. For more than thirty years it has been used for the relief of Constipation, Flatulency, Colic and Diarrhoea; allaying Feverishness arising from indigestion, and by regulating the Stomach and Bowels, aids in the assimilation of Food; giving healthy and natural sleep. *Dr. J. C. Kenney's Panacea—The Mother's Friend.*

SATURDAY, APRIL 19 1919.

COMING!

Medals made from captured German cannon will be given to every worker in the Victory Liberty Loan campaign. It just goes to show that the Government appreciates what its soldiers at home have done toward winning the war. It will mean to the Liberty Loan worker what the Distinguished Service Cross means to the American soldier.

A prudent mother is always on the watch for symptoms of worms in her children. Paleness, lack of interest in play, and peevishness is the signal for WHITE'S CREAM VERMIFUGE. A few doses of this excellent remedy puts an end to the worms and the child soon acts naturally. Sold by W. H. Windrow.

Prejudices in History.
"Your name will go down in history."
"Well," replied Senator Sorghum, "I hope the historian that writes about me will be a member of my own political party."

Bad breath, bitter taste, dizziness and a general "no account" feeling is a sure sign of a torpid liver. HERBINE is the medicine needed. It makes the liver active, vitalizes the blood, regulates the bowels and restores a fine feeling of energy and cheerfulness. Sold by W. H. Windrow.

Confidently.
Homer—My fiancée plays the piano a little bit.
Haney—That's much better than not at all.
Homer—Her friends seem to think that not at all would be much better.

A knowledge of practical everyday economy is essential to success. Acquire that knowledge through systematic saving and the regular purchase of War Savings Stamps.

Rub the joints with BALLARD'S SNOW LINIMENT to relieve rheumatism. It penetrates the flesh to the bone conveying its soothing and restorative influence to the spot where the pain exists. Sold by W. H. Windrow.

His Handicaps.
"I'll never be rich."
"What's the matter now?"
"I'm too conscientious to profiteer in war times and in peace time I'm too willing to go into debt to buy things I can't afford."

Colds Cause Grip and Influenza
LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 30c.

HONDO TESTIMONY.

Home Proof, Here, There and Everywhere.

When you see Doan's Kidney Pills recommended in this paper, you most always find the recommender a Hondo resident. It's the same everywhere—in 3,800 towns in the U. S. Fifty thousand people publicly thank Doan's. What other kidney remedy can give this proof of merit, honesty and truth? Home testimony must be true or it could not be published here. Read this Hondo recommendation. Then insist in having Doan's. You will know what you are getting.

Mrs. X. Wantz says: "My kidneys were disordered for some time. I had a dull, bearing down pain in the small of my back which steadily grew worse and it hurt me to stoop or straighten. I read of Doan's Kidney Pills and procured a box at the Martin Drug Co. They gave me relief right away and did me a lot of good in every way. I don't hesitate to say a good word for Doan's and to recommend them to other kidney sufferers."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wantz had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

WANT A GERMAN HELMET?

Bona Fide Victory Loan workers will have a chance to win one of these trophies to be distributed among patriotic Americans who kept the home fires burning. About 3,000 of these souvenirs of the greatest war in history have been allotted to this District, to be distributed among Liberty Loan workers by their County Chairmen.

HERE COME THE TANKS

Tanks played an important part in the big battles of the war. Twenty of these armored vessels will visit this District, manned by boys who actually handled the tanks in France. They called these boys the "Treat 'em Rough" boys, because that's what they did to the boche. The tanks are fully equipped with guns and ammunition just as they went onto the battlefields, and you will get a real taste of war when these guns are fired. Eloquent speakers will accompany the tanks to tell you all about them, and what it cost your Government to "Treat 'em Rough." Your Victory Liberty Loan County Chairman will have charge of the routing of these tanks in your county. Don't fail to see them.

SEE GREAT WAR FILM

Among the pictures which will aid in floating the Victory Liberty Loan is the remarkable film, "The Price of Peace," in the taking of which one of the photographers was killed. The film tells the animated story of the great attack at Chateau Thierry; shows a German airplane being destroyed in the air; shows a field gun and its crew being destroyed by a high explosive shell, and concludes with scenes of the American Army in Germany. The film is 5000 feet long. This picture will be shown without admission charge in as many theatres as can be reached during the Loan campaign.

SURGEONS agree that in cases of Cuts, Burns, Bruises and Wounds, the FIRST TREATMENT is most important. When an EFFICIENT antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For use on man or beast, BOROZONE is the IDEAL ANTISEPTIC and HEALING AGENT. Buy it now and be ready for an emergency. Sold by W. H. Windrow.

Don't forget that your War Savings pledge is a personal, binding obligation and the Government expects you to fulfill it by purchasing 1919 War Savings Stamps.

A valuable dressing for flesh wounds, burns, scalds, old sores, rash, chafed skin, is BALLARD'S SNOW LINIMENT, it is both healing and antiseptic. Sold by W. H. Windrow.

Just in Time.
"I heard the cook tell her admirer to go away as she was busy making bread."
"Did he go?"
"No; said she ought to be glad he was so ready to come to her in her hour of knead."

Beware of small expenses. Stop them with War Savings Stamps.

Our Castroville Page

Local, Personal and Business Items from This Busy Burg

CASTROVILLE, APRIL 17, 1919

ED. HUEHNER, LOCAL REPRESENTATIVE

News or business matter for this page for the week's issue should be submitted to Mr. Huehner or mailed direct to us at Hondo not later than Wednesday night of each week.

Our farmers are complaining that the grub worm is doing heavy damage to the young corn plants. Some of them are even planting over.

Leopold Haby and son, Arnold, of Medina Lake were Castroville visitors Wednesday.

Born to Mr. and Mrs. Claude Atkins a son on Thursday, April 10, 1919.

August Burrell shot and killed himself this (Monday) morning. The funeral will be held Tuesday morning.

Justice Court was grinding for a little while Monday.

Mrs. Frederic Haass is spending the week with her mother, Mrs. Martin Hutzler, near Devine.

Mrs. Herman Bippert and Mrs. Paul Tschirhart returned from a week's visit to San Antonio.

Misses Hilda Muennink and Gertrude Reily spent Sunday with Otto Wurzbach and family.

Robert Koch was here from Hondo Sunday.

Mrs. John Ihnken and daughter, Mrs. Otto Greven of Noonan, visited here Monday.

Mr. and Mrs. Henry Steinle, Mr. and Mrs. Robt. R. Rihn and Miss Cecelia Steinle, Hub. Zuercher and John Franger attended the funeral of the late Anton Ney at D'Hanis Friday.

Louie Shorp and daughter, Miss Agnes, of Riomedina spent Saturday and Sunday here.

Mr. and Mrs. Frank Haby and two children were here from Dunlay Sunday.

Alfred Kempf returned from France the middle of the week. Jos. Courand of San Antonio was here Saturday.

Mr. and Mrs. Jos. J. Rihn moved into their new bungalow Monday.

Mr. and Mrs. Frank Burrell and family moved into the old Beetz place.

Mr. and Mrs. Ed. Tschirhart and Mrs. Jos. Haegelin of Riomedina spent Sunday here.

Mr. and Mrs. Gerhart Ihnken and little daughter of Noonan spent Saturday and Sunday here.

Eddie Bendle and sister, Miss Sybilla of Biry, spent Sunday here with Miss Lucille Tschirhart.

Louis Wurzbach and son, Alfred of Riomedina, were here Saturday.

Mr. and Mrs. Otto Wurzbach and son, Julius, and Misses Lizzie Kieffer, Gertrude Reily and Hilda Muennink were San Antonio visitors Saturday.

Mr. and Mrs. R. D. McKaig and little daughter were here from Lacoste Sunday.

Misses Freda Boehme, Pauline Rihn and Ada Haby of Riomedina visited here last weekend.

Henry Wurzbach and family of Cliff were here Sunday.

Mr. and Mrs. Alfred Hutzler of Bader Settlement were here Saturday.

Mr. and Mrs. Edwin Balzeb and two children from Sturm Hill visited here Saturday and Sunday.

Hubert Zuercher, Ad. Ahr, Mrs. August Mangold and son, Lee, were San Antonio visitors during the week.

Mr. and Mrs. Louis Scherrer and Robert de Montel visited Mr. Davis in the hospital Tuesday. We are glad to report that Mr. Davis was able to return to his home in Hondo Tuesday afternoon.

Marian Hans visited in San Antonio Monday.

Mr. and Mrs. John Burrell and daughter, Miss Agnes of Patranco, spent Sunday here.

Misses Clara and Edna Wurzbach were here Saturday from their ranch.

Mr. and Mrs. Eugen Belzung of Cliff spent Sunday here.

Mrs. Henry Steinle and daughter, Mrs. Robert R. Rihn, and little son, Roy, Miss Alice Rihn, Grandpa Wernette and Bill Rihn were San Antonio visitors Monday.

Misses Mollie and Lucille de Montel, Octavia Davis, Lorine Heath, Master Francis Marion Davis of Hondo spent Sunday here with Mr. and Mrs. Louis Scherrer.

Mr. and Mrs. Ed. Seekatz and son were here from Riomedina Sunday.

Mr. and Mrs. Ben DeJournier of Sturm Hill spent Sunday here.

Mr. and Mrs. Louie Rihn, Mr. and Mrs. Otto Haby, Ambrose Haby, Misses Pauline Kihl and Edith Haby were San Antonio visitors the middle of the week.

Mr. and Mrs. Herman Wurzbach and little son were here Sunday.

Born, to Mr. and Mrs. Otto Huegele a son, Sunday, April 6, 1919.

Mr. and Mrs. Eugen Mangold had their little daughter baptised Sunday in the Catholic church, and named her Marie Magdalene. Miss Theresa Hians and Clarence Holzhaus were sponsors.

August Mangold, Alfred Ahr, and Otto Wurzbach are courting at Hondo this week.

Mrs. Mollie Hans entertained with a surprise party Friday evening in honor of her son, Gabe's birthday. Ice cream and cake was served during the evening.

Mr. and Mrs. Jos. J. Rihn moved into their beautiful bungalow Monday.

Max Jessie spent Monday in San Antonio.

For Constipation.

Mr. L. H. Farnham, a prominent druggist of Spirit Lake, Iowa, says: "Chamberlain's Tablets are certainly the best thing on the market for constipation." Give these tablets a trial. You are certain to find them agreeable and pleasant in effect. Price 25 cents.

A Grand Easter Dance will be given at Wernette's Opera House, Castroville, on Monday night, April 21st. Homan's Orchestra of San Antonio will furnish the music. Come one, come all and enjoy yourselves.

Do You Sleep Well?

To be at his best a man must have sound, refreshing sleep. When wakeful and restless at night he is in no condition for work or business during the day. Wakefulness is often caused by indigestion and constipation, and is quickly relieved by Chamberlain's Tablets. A dose of these tablets and much better you feel with a good digestion.

Week in North Texas caused the death of great destruction to crops.

Weekly Health Talks

What Doctor Pierce Has Done For Humanity!

BY DOCTOR CRIPPS.

It has always seemed to me that Dr. Pierce, of Buffalo, N. Y., should be placed near the top when a list of America's great benefactors is written. He studied and conquered human diseases to a degree that few realize. Whenever he found a remedy that overcame disease, he at once announced it in the newspapers and told where it could be bought at a small price. He did not follow the usual custom of keeping the ingredients secret, so that the rich only could afford to buy the medicine, but openly printed the name of each root and herb he used. And so to-day the names of Dr. Pierce and his medicines are widely known, and they stand for better health and better citizenship.

One of this great physician's most successful remedies is known as Doctor Pierce's Pleasant Pellets. These are little, sugar-coated pills, composed of Mayapple, leaves of aloe, root of jalap—things that Nature grows in the ground. These Pellets are safe because they move the bowels gently, leaving no bad after-effects, as so many pills do. Very often they make a person who takes them feel like a new man or woman, for they cleanse the intestines of hard, decayed and poisonous matter that accumulates when one is constipated. If you are constipated, by all means go to your druggist and get some of Dr. Pierce's Pleasant Pellets. They may prove to be the very thing your system requires to make you well and happy.

LaCoste Ledger Laconics.

The Hondo Herald makes a suggestion that we fully and heartily endorse, and that is to give our Medina County boys, both those that have served here as well as abroad, a grand barbecue on the fourth of July, to show our appreciation to the boys for services rendered. There would be no finer place to hold the same than in one of the beautiful groves on the Medina between here and Castroville. Let's help the proposition to a successful end.

Henry Gross of D'Hanis is here on a visit to homefolks.

Mrs. Jack Protocourt and children of Hondo were visiting relatives here Saturday.

Mrs. Herman Bippert of Riomedina and baby of Castroville boarded No. 10 for San Antonio Sunday evening.

Whooping Cough.

Give Chamberlain's Cough Remedy to keep the cough loose and expectoration easy. It is excellent.

Some of the Bavarian statesmen say that Bavaria is no longer a part of Germany. It is stated that communists in Munich have not yet been mastered and that heavy fighting is raging in the streets of Munich between red guards and troops loyal to the German government.

"THE SOIL."

"The Soil, Its Nature, Relations and Fundamental Principles of Management," is a book of 294 pages; 5x7 inches, 55 illustrations, and sold for \$1.50 net by the publishers, The Mac Milan Company, 66 Fifth Avenue, New York, N. Y.

This book is one among the earlier works of that prolific and authoritative contributor to agricultural literature, Dr. F. H. King. As is characteristic of his later works, "The Soil" is marked by painstaking detail in the development of facts, clearness of reasoning, and precision and correctness of conclusion. The practical truths deduced are fundamental and final.

We prefer to quote Dr. King to passing encomiums on his work; prefer as far as possible, to acquaint the reader with the real substance of his work rather than attempt to reflect its merits.

"In the preparation of the pages which follow," says Dr. King, "the writer has endeavored to have them bear to the reader a rational presentation of the fundamental principles of the soil as they relate to the immediately practical aspects of agriculture. The aim being simply to use so much of recorded facts as shall sufficiently enforce those principles underlying the management of soils which it is needful to understand in order that a rational practice may follow."

The writer has aimed to present the most practical and fundamental facts and principles concerning the soil as largely as possible from the standpoint of the How? and the Why? and at the same time to pause now and then to view some of the wonderful adaptations of structure to physical environment which the long processes of evolution have finally produced. We can well afford to do this because the future development of agriculture can be made most rapid and most sure, not more by giving to the farmer new facts than by making him able to observe, interpret, and correlate the facts which each and every year's planting, hoeing, and harvesting must inevitably bring under his own eyes. The business of farming has now become so complex, the sciences to which it must look for direction are so numerous, and the needs of the world for great quantities of materials for cheap, wholesome food and clothing are growing so rapidly more urgent that the farmer of Nineteen Hundred must rise upon a plane of better directed efforts and more economic methods. He can no longer plant without thought of adaptation or fitness, but simply as and because his father, grandfather, and great-grandfather did."

After showing from various authoritative sources that the soil, under normal conditions, contains almost in exhaustible stores of the essential plant foods which, wisely used and judiciously conserved, would maintain it in a productive condition over a period of many, many years, Dr. King observes: "Notwithstanding the apparently inexhaustible stores of potash, magnesia, lime, phosphoric acid, etc., in the soil, it must be remembered that we are nevertheless confronted with the indisputable results of practical field work which show, very often at least, that the addition of purely mineral fertilizers have been associated with larger yields per acre. We are confronted on every hand, too, with the fact that lands do run out and some varieties much more quickly than others; so that, when all has been said, the most important fact to bear in mind is that here is a problem lying at the very foundation of agriculture upon which a vast work has yet to be done."

So reasons this student and philosopher, while some men still run their rows up and down the hill, burn the vegetation from their land, and help in every way they can the "run-out" process of soil destruction, sagelyacularizing at the same time, "ye can't l'arn me nuthin' 'bout farmin'." Markedly in contrast with this, and speaking further along these lines, Mr. King says:—

"The presence of these large amounts of nitrogen and of ash ingredients which soils have been shown to possess are very fundamental facts, which must be kept ever in mind in our efforts to restore the vigor of exhausted soils and to maintain a high degree of productivity in them when so brought back. They are important because they show very clearly that run-out lands, and lands tired of this crop or of that, have been rendered so by some change different from the consumption of the chemical ingredients contained in soils out of which plant food is elaborated. They are important because they bring clearly into view the fact that, as yet, our practices regarding the rotation of crops, regarding the fertilizers or manures for this soil or that crop, and regarding many of our efforts to improve our lands by this or that method of tillage, are all of them far too much like those of a man feeling his way in the dark. They are important because they show that the agriculture which shall be able to feed the crowded cities, so rapidly building, as cheaply as they must be fed, must bring to its aid the mightiest efforts of the strongest minds, and must place the management of its lands under trained men whose education is unexcelled in its kind by that of any other trade or profession."

On the subject of moisture conservation, a matter vital to the agriculture of our immediate section, Dr. King says:

"Plowing land in the fall has a very appreciable influence on the per cent of water the surface three or four feet

of such soil may contain the following spring. † † † † † † † † † †

"Late fall plowing, leaving the surface uneven and the furrows in such a direction as to diminish washing, works in a decided manner, on rolling land, to hold the winter snows and rains where they fall, giving to such fields a more even distribution of soil water in the spring. And when it is observed that heavy lands, after a dry season, seldom became fully saturated with water during the winter and spring, the importance of fall plowing in such cases can be appreciated."

"From the standpoint of large crops, which result from the best use of the soil moisture, there is no one thing more important for a farmer to strive for than the earliest possible stirring of the soil in the spring, after it has sufficiently dried so as not to suffer in texture from puddling. When the soil is wet, when its texture is close from the packing which has resulted from the winter snows and early spring rains, the loss of water is very rapid, as has been pointed out; it may be more than 20 tons daily per acre, and this loss may extend to depths exceeding four feet."

Hoping that these excerpts will be sufficient to create, in the language of Dr. King, "a thirst for wider reading" and that you will procure the book and read it to your pleasure and profit, we close with the reminder that it can be had for \$1.50 from the publishers, Mac Milan Company, 66 Fifth Avenue, New York. F. D.

A Healing Salve for Burns, Chapped Hands and Sore Nipples.

As a healing salve for burns, sores, sore nipples and chapped hands Chamberlain's Salve is most excellent. It allays the pain of a burn almost instantly, and unless the injury is very severe, heals the parts without leaving a scar. Price, 25 cents.

A statement by President Wilson in behalf of the "Council of Four" in Paris says that the questions of peace are so near a complete solution that they will be quickly and finally drafted. This announcement was contained in an official bulletin, which added that the German plenipotentiaries had been invited to meet at Versailles April 25th.

For Bilious Troubles.

To promote a healthy action of the liver and correct the disorders caused by biliousness, Chamberlain's Tablets are excellent. Try them and see how quickly they give you a relish for your food and banish that dull and stupid feeling.

Maybe the Italians are insisting upon new seaports in order to give their numerous old ones a well-earned holiday.

If I Were a Farmer.

If I were a farmer I would keep at hand a few reliable medicines for minor ailments that are not so serious as to require the attention of a physician, such as Chamberlain's Colic and Diarrhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, colds and croup.

Chamberlain's Liniment for sprains, bruises and rheumatic pains.

Chamberlain's Tablets for stomach troubles, biliousness and constipation.

By having these articles at hand it would often save the trouble of a trip to town in the busiest season or in the night, and would enable me to treat slight ailments as soon as they appear, and thereby avoid the more serious diseases that so often follow.

Farmers' Union Meeting at Biry.

At an open meeting of the Farmers Union on Saturday evening, April 12th, practically the entire population of Biry and surrounding country gathered at the hall to hear the reports of Brothers J. L. Armstrong and Henry Bendele who had been sent as delegates to the conference of Farmers' League of Texas, held in Dallas last week.

Brother Armstrong was the first speaker and following are extracts from his speech:

Before leaving for Dallas he drew a petition to be sent to President Wilson asking that the embargo be lifted on cotton and in circulating it for signatures in the southern part of the county every man approached, signed it with exception of five and he stated these were "near-farmers."

He stated every industry with the exception of cotton was receiving Government protection. That despite the fact cotton had sold for 35 cents per pound, the income of the average farmer for 1918 was \$56.00 per month, while in the north in protected industries they paid negro labor as high as \$20.00 per day. He called attention to the fact that of our Senators and Representatives at Austin, with few exceptions none were taking any interest in the farmers and were only playing politics and stressed the importance of voting only for men who did something for the farmers. He mentioned Senator Dayton and Representative Cruption both of North Texas as being the leaders in Austin in trying to enact laws in the interest of the farmers.

In concluding his remarks Brother Armstrong read the resolutions adopted at Dallas by the Farmers' League of Texas which are as follows:

Whereas, During the war, to which the cotton-producing States contributed their full quota of soldiers, resources and sacrifices, cotton—their principal industry—was the only important industry which failed to receive governmental protection; and

Whereas, Through the influence and power of the Government, directly exerted through the agencies of the War Trade Board and the employment of the embargo, the logical and just advance in the price of cotton was successfully halted when it approached forty cents, and was still far below the standard of prices fixed by the Government upon manufactured products; and

Whereas, The same governmental agencies which interposed their veto to prevent cotton from finding its just level without their aid, since they thus openly espoused the cause of spinners and speculators, employed all the power of the Government within their control, including the present extraordinary use of the embargo, to further force down the price of cotton; and

Whereas, Since the end of actual fighting on the western front in Europe the actual need of food by the enemy peoples has been recognized, and the embargo upon the products of the packers has been lifted; and

Whereas, It is as needful to the preservation of the lives and industries of the Germans that they shall be permitted to have clothing as well as food: Lloyd George and others have declared that the evils which menace the world under the threat of Bolshevism spring from poverty, hunger and nakedness, and that these are the products of idleness; without they shall speedily be put to work, the expectation of heavy indemnities from the Germans will disappear, and it is becoming more and more apparent to the common sense of the world that the best assurance that can be given for a return to normal conditions is to turn from incessant debate to industrial activities, and to put all idle hands to work; and

Whereas, No reason related to any military necessity ever existed for the levy of an embargo upon the export of cotton to Switzerland, Holland, Spain and other neutral countries—and, if one ever existed, it has long since disappeared, and, as now maintained, it would be, under ordinary conditions, taken as a direct affront to each of these countries, for which no provocation has been given by them; and

Whereas, It is apparent from these indisputable truths that behind the embargo lurks the sinister purpose to restore conditions relating to the production and sale of cotton which existed before the war, when the labor devoted to it was more poorly paid than that of any other country in the world which was classed as civilized; when the industrial system imposed upon the cotton-producing States, established in part and condoned in full by the Government, required the production of cotton, in the main, by children who should have been in school, and by women who should have been engaged in domestic duties in their homes, and the price to which cotton has been reduced through the employment of the embargo has perpetuated these conditions; and

Whereas, There is now in process of organization what will be, in effect, an international pool, embracing all the foreign nations which are manufacturers of cotton, and which has for one of its purposes the adoption of a sys-

YOUTH-TIME

The important time to lay a strong foundation for robust manhood is while life is young and the body developing. A growing child needs every possible help to conserve energy and confirm the body in vigorous health. To a developing child

SCOTT'S EMULSION

comes with particular help. Thousands of the strong men and women of today were in youth-time nourished and strengthened to withstand the inroads of disease by the consistent use of Scott's.

tem of collective bargaining under which each Government will control the buying on behalf of its own citizens, and this international pool will thereby be enabled to arbitrarily fix the price of cotton adversely to the producer, and published reports indicate that our own Government is expected to become a party to this pool; and

Whereas, It is manifest that the producers of cotton cannot, in their individual capacities, make a successful fight against the combined wealth and power of the leading nations of the world, as well as against the combined wealth and power of all the spinners and speculators of the world;

Now, Therefore, in consideration of the premises. We Declare that the time has come for instant action upon the part of the producers of cotton and those in sympathy and interest with them, and that they should proceed, without further delay, to take adequate steps to protect themselves and their posterity against the present grave menace to their social and industrial welfare. To this end we favor and commend to all Americans who are unwilling that the producers of cotton shall be sacrificed for the benefit of foreign interests and industries:

1. The immediate removal of all embargoes and restrictions of every sort upon the export and sale of cotton.
2. The exclusion from the terms of peace of any covenant which would, directly or indirectly, contribute to the reduction of the price of cotton in the markets of the world.
3. The marketing of cotton slowly now and after peace shall be declared, so as not to assist its enemies to break the price, and hearty co-operation upon the part of all interests which desire to uphold the price.
4. The employment of all the available resources of Texas, and of such other cotton States as will co-operate in this behalf, to fix such a price upon cotton as will give just remuneration to the producer, and the extension by the Federal Government of all necessary aid in the achievement of this end—and in connection with this we declare that Texas and other cotton States are more abundantly able to valorize the cotton crop than Brazil ever was to valorize the coffee crop, and that the conditions which forced Brazil to act were less urgent and severe than those which now confront the producer of cotton.
5. We declare that these conditions cannot be changed by declamation, or by appeal to politicians who are more concerned about the fate of parties and of individual candidacies than they are about the fate of cotton. The history of the price-fixing movement and of the cotton embargoes will stand forever as a solemn warning to the producers of cotton that they must rely upon themselves and upon the discreet and firm employment of their own influence and power for their own protection. The governmental agencies which have been employed against them cannot long endure without their support, and it would be a crime against their own posterity for them to seek repeatedly to kiss the hand that smites them. The time has come to organize for the protection of the cotton interests with intent and purpose suitable to the occasion, and to that end we invite all of those in sympathy with these objects here declared and who are fully resolved to make them paramount, to co-operate with us in the achievement of the ends which we seek.
6. We invite the cotton producers of other States to proceed at once to effect an organization in each State, and instruct and empower our Executive Committee to take such steps to consolidate all such movements as they may deem expedient to accomplish the purposes herein set forth.

Brother Henry Bendele was next speaker and stated when reporters for the big Daily papers at Dallas found the cotton conference would not allow politics to be injected into the meeting they took no interest. At this point he stated the Farmers Union Messen-

ger should be made a Daily and he would assist to that end. He made a most earnest and sincere appeal to the farmers to organize for their own protection.

Mr. S. A. Brown made a short talk about an oil proposition in which he is interested.

At the conclusion of the speaking a motion was made and carried unanimously that Biry Local adopted resolutions at Dallas, April 7th, by the Cotton Conference called by the Farmers League of Texas.

G. W. HEATH,
Sec. Biry Local.

SUPPLEMENTAL RESOLUTIONS.

Resolved, That the vesture of autocratic control of the movement and marketing of cotton in Bernard Baruch, who ranks among the leaders of cotton operators and speculators in New York City, is so obviously antagonistic to the interests of the producers of cotton as to call for their vigorous protest, which can no longer be delayed, out of regard for their own welfare, and in view of the activities in support of the embargo.

Resolved, That the encouragement which has been given by the Sect'y of Agriculture, D. F. Houston, to the effort made by the War Trade Board to force down the price of cotton to twenty-five cents, identified him with those who in war time sought to set apart cotton as the one great American industry to be placed under the ban of the Government, and to condemn those engaged in its production to starvation wages.

Resolved, That the producers of cotton everywhere are indebted greatly to the efforts of the committee composed of Commissioners of Agriculture, including the representatives of the Texas Department of Agriculture, and the Presidents of Farmers' Unions, repeatedly made at Washington to defeat the plan to reduce the price of cotton to 25 cents per pound, and that we urge a continuation of their fight in behalf of the cause of cotton against its foes.

Resolved, That we call upon Governor Hobby to submit the subject at the special session of the Legislature, to amend the Warehouse and Marketing Law to embody the following points:

Proper ginning, sampling, weighing and grading of cotton, to the end that the cotton grower may be fully protected; the speedy construction of warehouses sufficient to care for the cotton crop of the State; the control of warehouses by the State, to the end that insurance and storage may be had at cost; milling in-transit, or export-rate billing privileges for all cotton so stored; and warehouse receipts by such State-controlled warehouses made so stable that they will command the support at all times of not only banks and reserve banks in the cotton States, but in all financial centers of the country. (Signed by the Executive Committee and by the Committee on Resolutions.)

Farmers' Union Meeting at Biry.

At an open meeting of the Farmers Union on Saturday evening, April 12th, practically the entire population of Biry and surrounding country gathered at the hall to hear the reports of Brothers J. L. Armstrong and Henry Bendele who had been sent as delegates to the conference of Farmers' League of Texas, held in Dallas last week.

Brother Armstrong was the first speaker and following are extracts from his speech:

Before leaving for Dallas he drew a petition to be sent to President Wilson asking that the embargo be lifted on cotton and in circulating it for signatures in the southern part of the county every man approached, signed it with exception of five and he stated these were "near-farmers."

He stated every industry with the exception of cotton was receiving Government protection. That despite the fact cotton had sold for 35 cents per pound, the income of the average farmer for 1918 was \$56.00 per month, while in the north in protected industries they paid negro labor as high as \$20.00 per day. He called attention to the fact that of our Senators and Representatives at Austin, with few exceptions none were taking any interest in the farmers and were only playing politics and stressed the importance of voting only for men who did something for the farmers. He mentioned Senator Dayton and Representative Crompton both of North Texas as being the leaders in Austin in trying to enact laws in the interest of the farmers.

In concluding his remarks Brother Armstrong read the resolutions adopted at Dallas by the Farmers' League of Texas which are as follows:

Whereas, During the war, to which the cotton-producing States contributed their full quota of soldiers, resources and sacrifices, cotton—their principal industry—was the only important industry which failed to receive governmental protection; and

Whereas, Through the influence and power of the Government, directly exerted through the agencies of the War Trade Board and the employment of the embargo, the logical and just advance in the price of cotton was successfully halted when it approached forty cents, and was still far below the standard of prices fixed by the Government upon manufactured products; and

Whereas, The same governmental agencies which interposed their veto to prevent cotton from finding its just level without their aid, since they thus openly espoused the cause of spinners and speculators, employed all the power of the Government within their control, including the present extraordinary use of the embargo, to further force down the price of cotton; and

Whereas, Since the end of actual fighting on the western front in Europe the actual need of food by the enemy peoples has been recognized, and the embargo upon the products of the packers has been lifted; and

Whereas, It is as needful to the preservation of the lives and industries of the Germans that they shall be permitted to have clothing as well as food; Lloyd George and others have declared that the evils which menace the world under the threat of Bolshevism spring from poverty, hunger and nakedness, and that these are the products of idleness; without they shall speedily be put to work, the expectation of heavy indemnities from the Germans will disappear, and it is becoming more and more apparent to the common sense of the world that the best assurance that can be given for a return to normal conditions is to turn from incessant debate to industrial activities, and to put all idle hands to work; and

Whereas, No reason related to any military necessity ever existed for the levy of an embargo upon the export of cotton to Switzerland, Holland, Spain and other neutral countries—and, if one ever existed, it has long since disappeared, and, as now maintained, it would be, under ordinary conditions, taken as a direct affront to each of these countries, for which no provocation has been given by them; and

Whereas, It is apparent from these indisputable truths that behind the embargo lurks the sinister purpose to restore conditions relating to the production and sale of cotton which existed before the war, when the labor devoted to it was more poorly paid than that of any other country in the world which was classed as civilized; when the industrial system imposed upon the cotton-producing States, established in part and condoned in full by the Government, required the production of cotton, in the main, by children who should have been in school, and by women who should have been engaged in domestic duties in their homes, and the price to which cotton has been reduced through the employment of the embargo has perpetuated these conditions; and

Whereas, There is now in process of organization what will be, in effect, an international pool, embracing all the foreign nations which are manufacturers of cotton, and which has for one of its purposes the adoption of a sys-

YOUTH-TIME

The important time to lay a strong foundation for robust manhood is while life is young and the body developing. A growing child needs every possible help to conserve energy and confirm the body in vigorous health. To a developing child

SCOTT'S EMULSION

comes with particular help. Thousands of the strong men and women of today were in youth-time nourished and strengthened to withstand the inroads of disease by the consistent use of Scott's.

Scott & Bowne, Bloomfield, N. J.

tem of collective bargaining under which each Government will control the buying on behalf of its own citizens, and this international pool will thereby be enabled to arbitrarily fix the price of cotton adversely to the producer, and published reports indicate that our own Government is expected to become a party to this pool; and

Whereas, It is manifest that the producers of cotton cannot, in their individual capacities, make a successful fight against the combined wealth and power of the leading nations of the world, as well as against the combined wealth and power of all the spinners and speculators of the world;

Now, Therefore, in consideration of the premises. We Declare that the time has come for instant action upon the part of the producers of cotton and those in sympathy and interest with them, and that they should proceed, without further delay, to take adequate steps to protect themselves and their posterity against the present grave menace to their social and industrial welfare. To this end we favor and commend to all Americans who are unwilling that the producers of cotton shall be sacrificed for the benefit of foreign interests and industries:

1. The immediate removal of all embargoes and restrictions of every sort upon the export and sale of cotton.

2. The exclusion from the terms of peace of any covenant which would, directly or indirectly, contribute to the reduction of the price of cotton in the markets of the world.

3. The marketing of cotton slowly now and after peace shall be declared, so as not to assist its enemies to break the price, and hearty co-operation upon the part of all interests which desire to uphold the price.

4. The employment of all the available resources of Texas, and of such other cotton States as will co-operate in this behalf, to fix such a price upon cotton as will give just remuneration to the producer, and the extension by the Federal Government of all necessary aid in the achievement of this end—and in connection with this we declare that Texas and other cotton States are more abundantly able to valorize the cotton crop than Brazil ever was to valorize the coffee crop, and that the conditions which forced Brazil to act were less urgent and severe than those which now confront the producer of cotton.

5. We declare that these conditions cannot be changed by declaration, or by appeal to politicians who are more concerned about the fate of parties and of individual candidacies than they are about the fate of cotton. The history of the price-fixing movement and of the cotton embargoes will stand forever as a solemn warning to the producers of cotton that they must rely upon themselves and upon the discreet and firm employment of their own influence and power for their own protection. The governmental agencies which have been employed against them cannot long endure without their support, and it would be a crime against their own posterity for them to seek repeatedly to kiss the hand that smites them. The time has come to organize for the protection of the cotton interests with intent and purpose suitable to the occasion, and to that end we invite all of those in sympathy with these objects here declared and who are fully resolved to make them paramount, to co-operate with us in the achievement of the ends which we seek.

6. We invite the cotton producers of other States to proceed at once to effect an organization in each State, and instruct and empower our Executive Committee to take such steps to consolidate all such movements as they may deem expedient to accomplish the purposes herein set forth.

Brother Henry Bendele was next speaker and stated when reporters for the big Daily papers at Dallas found the cotton conference would not allow politics to be injected into the meeting they took no interest. At this point he stated the Farmers Union Messen-

ger should be made a Daily and he would assist to that end. He made a most earnest and sincere appeal to the farmers to organize for their own protection.

Mr. S. A. Brown made a short talk about an oil proposition in which he is interested.

At the conclusion of the speaking a motion was made and carried unanimously that Biry Local adopted resolutions at Dallas, April 7th, by the Cotton Conference called by the Farmers League of Texas.

G. W. HEATH,
Sec. Biry Local.

SUPPLEMENTAL RESOLUTIONS.

Resolved, That the vesture of autocratic control of the movement and marketing of cotton in Bernard Baruch, who ranks among the leaders of cotton operators and speculators in New York City, is so obviously antagonistic to the interests of the producers of cotton as to call for their vigorous protest, which can no longer be delayed, out of regard for their own welfare, and in view of the activities in support of the embargo.

Resolved, That the encouragement which has been given by the Sect'y of Agriculture, D. F. Houston, to the effort made by the War Trade Board to force down the price of cotton to twenty-five cents, identified him with those who in war time sought to set apart cotton as the one great American industry to be placed under the ban of the Government, and to condemn those engaged in its production to starvation wages.

Resolved, That the producers of cotton everywhere are indebted greatly to the efforts of the committee composed of Commissioners of Agriculture, including the representatives of the Texas Department of Agriculture, and the Presidents of Farmers' Unions, repeatedly made at Washington to defeat the plan to reduce the price of cotton to 25 cents per pound, and that we urge a continuation of their fight in behalf of the cause of cotton against its foes.

Resolved, That we call upon Governor Hobby to submit the subject at the special session of the Legislature, to amend the Warehouse and Marketing Law to embody the following points:

Proper ginning, sampling, weighing and grading of cotton, to the end that the cotton grower may be fully protected; the speedy construction of warehouses sufficient to care for the cotton crop of the State; the control of warehouses by the State, to the end that insurance and storage may be had at cost; milling-in-transit, or export-rate billing privileges for all cotton so stored; and warehouse receipts by such State-controlled warehouses made so stable that they will command the support at all times of not only banks and reserve banks in the cotton States, but in all financial centers of the country. (Signed by the Executive Committee and by the Committee on Resolutions.)

DODGE BROTHERS MOTOR CAR

THE REAL GRAIN LEATHER gives richness to the upholstery and the cushions are comfortable sloped, with deeply tufted backs. Many qualities which cannot be shown in the specifications reveal themselves in a most satisfying way when in actual use.

To observe the car on the streets or on the road is to become instantly impressed with its beauty, to drive it is to realize all the responsiveness and power you require in a motor car.

It gets away instantly and skims the road silently and smoothly. The engine seems always to have more power when occasion requires.

There is no choking at low speed in high gear, and there is an unusual freedom from gear-shifting. At full speed there is scarcely a tremor of the engine.

These qualities—comfort, beauty, responsiveness, the ease with which the car gets under way, the abundance of power, the steadiness at high speed, the freedom from gear-shifting, the high quality of all materials—the reasons why Dodge Brothers Motor Car has appealed so strongly to the public.

If interested, call, phone or write for further particulars.

SHERIFF'S SALE.

THE STATE OF TEXAS,
County of Medina

By virtue of a certain Execution issued out of the Honorable County Court of Medina County, on the 28th day of February 1919, by S. A. Jungman, County Clerk of said County against J. T. Dillard and Jacob Deckert for the sum of Three Hundred Ninety-two and 95-100 (\$392.95) Dollars and costs of suit, in cause No. 473 in said Court, styled The La Coste National Bank versus J. T. Dillard and Jacob Deckert and placed in my hands for service, I, J. F. Bader as Sheriff of Medina County, Texas, did, on the 7th day of April 1919 levy on certain Real Estate, situated in Medina County, described as follows, to-wit:

Ten (10) acres of land, more or less, out of Survey No. 161, in the name of John Nev, said 10 acres of land, more or less, being described as follows: Beginning at S. E. corner of a 45 acre tract of land out of said Survey No. 161, heretofore conveyed by Jacob Deckert and wife, Regina Deckert, to M. S. Koch by deed, dated April 5th, 1916, recorded in the Deed Records of Medina County, Texas, in Book A, No. 52 on pages 197 and 198, thence North 45 4-5 varas along the East line of said Koch tract to the South line of the Henry Roth half of said Survey No. 161; thence East to the N. W. corner of the 25 acres of land, out of said Survey No. 15, heretofore sold by Jacob Deckert and wife, Regina Deckert, to Anna M. Neeguin by deed, dated December 5th, 1914, recorded in Book A No. 59 on pages 498 and 499 of the Deed Records of Medina County, Texas; thence South along the West line of said Naegelin tract of land 45 4-5 varas to South line of said Survey No. 161; thence West to place of beginning and levied upon as the property of said Jacob Deckert. And on Tuesday, the 6th day of May 1919, at the Court House door of Medina County, in the town of Hondo, Texas, between the hours of ten A. M. and four P. M. I will sell said property at public venue, for cash, to the highest bidder, as the property of said Jacob Deckert by virtue of said levy and said Execution.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Hondo Anvil Herald a newspaper published in Medina County.

Witness my hand, this 7th day of April 1919.

J. F. BADER,
Sheriff Medina County, Texas.

HOW CAN YOU TELL YOUR FAVORITE TOBACCO?

As Plain as the Nose on Your Face—Just Smell It

Smokers do not have to put tobacco in their pipes to find out if they like it. They can just rub the tobacco between the palms of their hands and smell it. The nose is an infallible guide to smoking enjoyment.

All smoking tobaccos employ some flavoring "to improve the flavour and burning qualities of the leaves", to quote the Encyclopaedia Britannica. Naturally, there is considerable difference in the kind of flavorings used, and the nose quickly detects this difference. TUXEDO Tobacco uses the purest, most wholesome, and delicious of all flavorings—chocolate. And the almost universal liking for chocolate in a great measure explains the widespread popularity of TUXEDO Tobacco.

Carefully aged, old Burley tobacco, plus a dash of pure chocolate, gives TUXEDO Tobacco a pure fragrance your nose can quickly distinguish from any other tobacco. Try it and see.

SOUTHERN PACIFIC LINES TEXAS & LOUISIANA

Are endeavoring to assist the Government in every way possible

TO WIN THE WAR.

The management wishes to make the service meet the demands of the public.

To that end it offers the co-operation of its several departments. The new rates, freight and passenger, will very likely create opportunity for such operation and the officials of the traffic department, at all points, will gladly render every assistance possible covering the application or interpretation of these rates that patrons be subjected to a minimum degree of delay or inconvenience in the handling or routing business over these lines or connections.

THE MANAGEMENT.

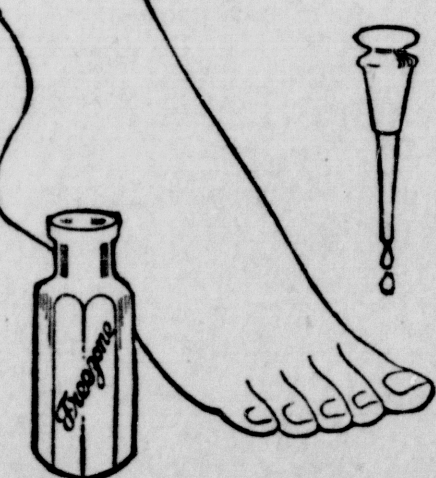

Practice Thrift and Economy
Lend Your Money to the Government

Grove's Tasteless Chill Tonic restores vitality and energy by purifying and enriching the blood. You can soon feel its strengthening, invigorating effect. Price 60c.

It does the work of SANOL ELIZEMA, REMEDY to get rid of those Black Heads, Pimples, or Rough Bumpy Skin. Leaves skin smooth. Cures any case of Eczema. Is pleasant to use. A trial will convince you. 50c at the drug store.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

BELIEVES TANLAC HAS SAVED HER LIFE.

"In All My Experience I've Never Seen Anything As Good As Tanlac," Says Practical Nurse.

"Do you know, I have gained at least fifteen pounds, and I honestly believe Tanlac has saved my life," was the statement made recently by Mrs. E. F. Milner. Mrs. Milner is a practical nurse and is known and respected by everybody in Corsicana, Texas, where she has lived for the past twenty-six years.

"My health has been broken, she continued, "and I have been steadily going down hill for ten years. I had constant headaches and was in a general run-down condition. Last year I was taken down with some kind of trouble and I have never been able to find out just what it was. I was confined to my bed and was not able to stand alone, much less walk. It seemed to me like there were thousands of pounds of pressure around my waist and in my chest. When I lay down I felt like I would smother to death, so I had to sit up to breathe and prop myself up in bed to be able to sleep and get any rest at all. I was told I would never get over my trouble and, of course, I felt discouraged and despondent.

"After reading about the good Tanlac was doing so many others I bought a bottle hoping it would help me, and I am obliged to give it all praise. In my long experience with medicines I have never seen anything as good, and I firmly believe it has saved my life. Not only that, I am feeling better than I have in over two years already and have just finished my second bottle of Tanlac. My headaches have disappeared and I am strong enough to walk anywhere I want to go and can do all my work about the house. As I have already said, I have gained at least fifteen pounds and am so happy over my recovery that I want to tell everybody about Tanlac.

Tanlac is sold by leading druggists everywhere.

LEMONS WHITEN AND BEAUTIFY THE SKIN

Make this beauty lotion cheaply for your face, neck, arms and hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quart pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands.

Ford

THE UNIVERSAL CAR

Remember that when you bring you Ford car to us for mechanical attention that you get the genuine Ford service—materials, experienced workmen and Ford factory prices. Your Ford is too useful, too valuable to take chances with poor mechanics, with equally poor quality materials. Bring it to us and save both time and money. We are authorized Ford dealers, trusted by the Ford Motor Company to look after the wants of Ford owners—that's the assurance we offer. We are getting a few Ford cars and first come first to receive delivery.
